

PhD DEFENSE

24 July, 2020

The defense is starting at 14:00 and can be followed here:

<https://ucph-ku.zoom.us/j/62249451516?pwd=ZGVOWFNFWURuNG01WG1uQkJEi9UQT09>

Cecilia Cerretani

will give a public lecture on her thesis entitled:

Photophysical and structural characterization of emissive DNA-templated silver nanoclusters

followed by an oral defense. The defense is open to the public.

The thesis was submitted in May 2020

Evaluation Committee:

Associate Professor Kirsten Marie Ørnsbjerg Jensen, Committee Chairman,
University of Copenhagen, Denmark
Senior Lecturer Robert Neely, University of Birmingham, United Kingdom
Reader in Physical Chemistry Steven Magennis, University of Glasgow, United Kingdom

Supervisor:

Associate Professor Tom Vosch, Department of Chemistry,
University of Copenhagen, Denmark

Kurt V. Mikkelsen
PhD Coordinator (temporary)

Thesis (electronically) can be sent if you write to lone@chem.ku.dk
